(pg2)

SCHEDULE: TECHNICAL SET-UP

4-6 hours (with house crew) prior to show if lights and soft goods are all pre-hung and sound equipment installed. The longer the tech set-up the more specials can be created for the show.

STRIKE

1 hour with house crew

PROJECTION:

- The company will require a suitable position for our projector and projectionist, either at the rear of the house or in the booth
- Position should be no more than 150 feet away from the rear of stage
- MOTUS O travels with their own video projector and DVD player
- MOTUS O will travel with their own projector screen if a white cyc is not available

HOSPITALITY:

- For the performers and stage manager (7 people) the presenter should provide, if possible, snacks and beverages such as soft drinks, fruit juices, bottled water, hot water for coffee and tea, fresh fruit, raw vegetables, cheese and crackers.

PARKING:

- MOTUS O requires parking for one van with trailer (totaling 37' in length).

STUDIOS:

- If studio or rehearsal space is available in the theatre, please have it booked for us. This allows us to move warm-ups and rehearsals off the stage, allowing unrestricted use of the theatre for set-up and levels.

TEMPERATURE:

- Due to the nature of the performance and for the safety of the dancers, it is very important that the temperature of the stage, backstage and dressing rooms be at least 22°C (72°F). This should be set prior to our arrival.
